

NOTIFICATION OF THE ANNUAL GENERAL MEETING OF TRELLEBORG AB (PUBL)

The shareholders of Trelleborg AB (publ), Corporate Registration Number 556006-3421, are hereby invited to attend the Annual General Meeting on Wednesday, April 24, 2024 at 5:00 p.m. in Parken kultur- och konferenscenter, Norregatan 46-48, 231 63 Trelleborg, Sweden. The venue will open and registration will commence from 4:15 p.m. Coffee and cake will be served in conjunction with the Annual General Meeting.

The Board of Directors has decided that it will also be possible for shareholders to exercise their voting rights at the Meeting in the form of postal voting in accordance with the provisions in the company's Articles of Association. The Board of Directors has also decided that the Annual General Meeting will be livestreamed at www.trelleborg.com.

NOTIFICATION AND REGISTRATION

Shareholders wishing to attend the Meeting venue must:

- be registered as a shareholder in the shareholders' register maintained by Euroclear Sweden AB as of Tuesday, April 16, 2024, and
- inform the company of their intention to participate and of any advisors (maximum two) that the shareholder intends to be accompanied by at the Meeting, not later than Thursday, April 18, 2024.

Notification of attendance can be given on Euroclear Sweden AB's website, <https://anmalan.vpc.se/euroclearproxy>, by post to Trelleborg AB "Årsstämma 2024", c/o Euroclear Sweden AB, Box 191, SE-101 23 Stockholm, or by telephone to +46 (0)410-670 04 (weekdays 9:00 a.m.–4:00 p.m.), or by e-mail to generalmeetingservice@euroclear.com.

In their notification, shareholders are to state their name, personal identity number, telephone number and the name of any advisors. If participation is supported by power of attorney, this should be sent to the company prior to the Annual General Meeting. If the shareholder is a legal entity, a registration certification or an equivalent authorization document must be enclosed along with the power of attorney. The Company provides power of attorney forms at www.trelleborg.com and by post to shareholders who contact the company and provide an address.

Shareholders wishing to participate via postal voting must:

- be registered as a shareholder in the shareholders' register maintained by Euroclear Sweden AB as of Tuesday, April 16, 2024, and
- notify the company of their intention to participate in the Meeting by submitting a postal vote in accordance with the instructions below in such a manner that Euroclear Sweden AB has received the postal vote by Thursday, April 18, 2024 at the latest.

A special form is to be used for postal voting. The postal voting form is valid as notification of participation in the Annual General Meeting. The postal voting form is available on the Group's website www.trelleborg.com.

The completed and signed postal voting form is to be sent by mail to Trelleborg AB (publ), "Årsstämma 2024", c/o Euroclear Sweden AB, Box 191, SE-101 23 Stockholm, Sweden or by e-mail to generalmeetingservice@euroclear.com. The completed form must be in the possession of Euroclear Sweden AB by Thursday, April 18, 2024 at the latest. Shareholders may also submit postal votes electronically through verification using the BankID app via Euroclear Sweden AB's website <https://anmalan.vpc.se/euroclearproxy>. Such electronic votes must be submitted by Thursday, April 18, 2024 at the latest.

If the shareholder wishes to cast their postal vote through a proxy, a written and dated power of attorney signed by the shareholder must be enclosed with the postal voting form. The power of attorney form is available on the company's website www.trelleborg.com. If the shareholder is a legal entity, a certificate of registration or an equivalent authorization document must be enclosed along with the form.

The shareholder is not allowed to include special instructions or conditions in the postal vote. If special instructions or conditions are included, such a postal vote is rendered invalid. Further information and conditions can be found on the postal voting form and on <https://anmalan.vpc.se/euroclearproxy>.

Note that shareholders who wish to attend the Annual General Meeting in person or via a proxy must provide notification of this according to the instructions under the heading “Shareholders wishing to attend the Meeting venue” above. This means that notification of participation exclusively by postal voting is not sufficient for shareholders who wish to attend the Annual General Meeting in person or via proxy.

Holdings registered in the name of a nominee

To be entitled to participate in the Annual General Meeting, shareholders whose shares are held in the name of a nominee must, in addition to providing notification of their participation in the Annual General Meeting, re-register the shares in their own name so that the shareholders are registered in the share register as of Tuesday, April 16, 2024. Such registration may be temporary (so-called “voting right registration”) and is requested from the nominee in accordance with the nominee’s procedures at such time in advance as determined by the nominee. Voting right registration completed by the nominee not later than Thursday, April 18, 2024, will be taken into account in the preparation of the share register. The nominee should therefore be notified well in advance of the date referred to above.

PROPOSALS FOR DECISION

1 – ELECTION OF CHAIRMAN OF THE MEETING

The Nomination Committee proposes that Johan Malmquist be elected as Chairman of the Annual General Meeting.

2 – PREPARATION AND APPROVAL OF THE VOTING LIST

The voting list that is proposed for approval is the voting list drawn up by Euroclear Sweden AB on behalf of the company, based on the Meeting's share register, the shareholders who have provided notification and are present in the Meeting venue, and received postal votes.

9 (b) – RESOLUTIONS CONCERNING THE DISPOSITION OF THE COMPANY'S PROFIT IN ACCORDANCE WITH THE ADOPTED BALANCE SHEET

The Board of Directors proposes a cash dividend to shareholders of SEK 6.75 per share. The proposed record date for the dividend is Friday, April 26, 2024. If the Meeting approves the proposal, the dividend is expected to be distributed by Euroclear Sweden AB on Thursday, May 2, 2024. However, the record date and the payment date may be postponed due to the technical process required to implement payment.

11 - DETERMINATION OF THE NUMBER OF MEMBERS OF THE BOARD OF DIRECTORS

The Nomination Committee proposes that the Board of Directors shall comprise seven (7) members elected by the Meeting, with no deputies.

12 – CONFIRMATION OF FEES FOR MEMBERS OF THE BOARD OF DIRECTORS AND THE AUDITOR

The Nomination Committee proposes that the Annual General Meeting resolve that the fees paid to the members of the Board of Directors shall be SEK 5,775,000 (2023: 5,550,000), with SEK 2,150,000 (2023: 2,050,000) to be paid to the Chairman and SEK 725,000 (2023: 700,000) each to be paid to those Board members appointed by the Meeting who are not employed within the Trelleborg Group.

The Nomination Committee proposes that fees payable to members of the Audit Committee shall be SEK 305,000 (2023: 290,000) for the Chairman and SEK 180,000 (2023: 170,000) to other members who are not employed within the Trelleborg Group.

The Nomination Committee proposes that fees payable to members of the Remuneration Committee shall be SEK 175,000 (2023: 170,000) for the Chairman and SEK 100,000 (2023: 95,000) to other members who are not employed within the Trelleborg Group.

The Nomination Committee proposes that fees payable to those assigned to the Finance Committee shall be SEK 100,000 (2023: 95,000) each for the Chairman and to other members who are not employed within the Trelleborg Group.

The Nomination Committee proposes that the auditor's fees be paid on a current account basis.

13 – ELECTION OF THE BOARD OF DIRECTORS AND THE CHAIRMAN OF THE BOARD

The Nomination Committee proposes, for the period until the next Annual General Meeting, the re-election of Gunilla Fransson, Monica Gimre, Johan Malmquist, Peter Nilsson, Anne Mette Olesen, Jan Ståhlberg and Henrik Lange. It is proposed that Johan Malmquist be re-elected as Chairman of the Board.

Further information on the proposed Board members is available at www.trelleborg.com.

14 – ELECTION OF AUDITOR

The Nomination Committee proposes, on the recommendation of the company's Audit Committee, the re-election of Deloitte AB as the company's auditor for the period until the next Annual General Meeting. Deloitte AB has informed the company that Kent Åkerlund will be auditor in charge in the event that Deloitte AB is re-elected.

15 – RESOLUTION ON APPROVAL OF THE BOARD OF DIRECTORS' REMUNERATION REPORT

The Board proposes that the Annual General Meeting resolves to approve the Board of Directors' remuneration report pursuant to Chapter 8, Section 53 a of the Swedish Companies Act.

16 – RESOLUTION ON THE BOARD OF DIRECTORS’ PROPOSAL FOR PRINCIPLES OF REMUNERATION FOR SENIOR EXECUTIVES

The Board proposes that the Annual General Meeting resolves on the following principles for remuneration of senior executives in Trelleborg:

Senior executives, including the President and CEO and other members of Group Management, fall within the scope of these principles. The principles are forward-looking, i.e. they are applicable to remuneration agreed, and amendments to remuneration already agreed, after adoption of the principles by the 2024 Annual General Meeting. These principles do not apply to any remuneration decided on or approved by the Annual General Meeting.

Trelleborg is a world leader in engineered polymer solutions that seal, damp and protect critical applications in demanding environments. Trelleborg’s strategy of securing leading positions in selected industries is supported by four strategic cornerstones: Geographical balance, Portfolio optimization, Structural improvements and Excellence. These ensure that all levels within the Group maintain focus and conduct activities that are in line with the strategy. For more information regarding Trelleborg’s business strategy, please see the section of Group’s strategy at www.trelleborg.com.

A prerequisite for the successful implementation of Trelleborg’s business strategy and safeguarding of its long-term interests, including its sustainability strategy, is that Trelleborg is able to recruit, develop and retain qualified senior executives. To this end, it is necessary that Trelleborg offers market aligned and competitive remuneration. These principles enable Trelleborg to offer senior executives competitive total remuneration. The aim of all variable remuneration covered by these principles is to promote Trelleborg’s business strategy and long-term interests, including its sustainability profile.

Types of remuneration

The remuneration levels for all roles within the organization are regularly compared with levels for comparable roles in similar organizations and in the employee’s local market. A grading system (IPE) is used to determine the role’s weight within Trelleborg. In order to ensure genuine understanding of market levels, normal market data is used from several sources and a reference group is compiled. When remuneration is determined, the role is considered in terms of how critical it is and its availability in the market. The method is intended to ensure that the compensation offered by Trelleborg means the Group can attract and retain the right talent at the right cost level. Remuneration is to be on market terms and may consist of the following components: fixed salary, variable remuneration, pension benefits and other benefits. Additionally, the Annual General Meeting may – irrespective of these principles – resolve on, among other items, share-based or share-price-based remuneration.

The satisfaction of criteria for awarding variable cash remuneration is to be measured over a period of one year (short-term incentive program) or several years (long-term incentive programs). The following applies for senior executives, including the President and CEO:

- the short-term incentive program may amount to not more than 100 percent of the fixed salary during the measurement period.
- the long-term incentive programs may amount to not more than 100 percent of the fixed salary during the measurement period.

Further variable cash remuneration may be awarded in extraordinary circumstances, provided that such extraordinary arrangements are limited in time and only made on an individual basis, either for the purpose of recruiting or retaining senior executives, or as remuneration for extraordinary performance beyond the individual’s ordinary tasks. Such remuneration may not exceed an amount corresponding to 100 percent of the fixed salary and may not be paid more than once each year per individual. Any resolution on such remuneration for the President and CEO shall be made by the Board based on a proposal from the Remuneration Committee. Any resolution on such remuneration for other senior executives shall be made by the Remuneration Committee based on a proposal from the President and CEO.

Variable remuneration will only qualify for pension benefits to the extent required by mandatory collective agreement provisions or otherwise stated by local law.

For the President and CEO, pension benefits, including health insurance, must be defined contribution pension. Variable remuneration does not qualify for pension benefits. The pension premiums for defined contribution pension are to amount to not more than 45 percent of the fixed salary. For other senior executives, pension benefits, including health insurance, are to be defined contribution unless the individual concerned is subject to defined benefit pension under mandatory collective agreement

provisions or otherwise stated by local law. The pension premiums for defined contribution pension are to amount to not more than 35 percent of the fixed salary.

Other benefits may include, for example, life insurance, medical insurance and company car. Premiums and other costs relating to such benefits may amount to not more than 15 percent of the fixed salary. For employment contracts governed by legislation outside of Sweden, pension benefits and other benefits may be duly adjusted for compliance with mandatory rules or established local practice, taking into account, to the extent possible, the overall purpose of these principles.

Trelleborg currently has no long-term share-based incentive program. The Board of Directors proposes that the 2024 Annual General Meeting resolves to introduce a new share program for the President and Group Management at Trelleborg Group (PSP 2024/2027) for the purpose of incentivizing senior executives to own Trelleborg shares at a value equivalent to at least one fixed year's salary. PSP 2024/2027 has a clear link to Trelleborg's business strategy and thereby the company's long-term value generation, including its sustainability. The resolution to adopting the program is made by the Annual General Meeting and the program is therefore not covered by these guidelines.

Criteria for awarding variable cash remuneration

The variable remuneration is to be linked to predetermined and measurable criteria of a financial or non-financial nature. They may also be individualized, quantitative or qualitative objectives. The criteria are to be designed so that they contribute to Trelleborg's business strategy and long-term interests, including its sustainability strategy by, for example, being clearly linked to the business results or promoting the senior executive's long-term development.

The extent to which the criteria for awarding variable remuneration have been fulfilled is to be evaluated/determined when the measurement period has ended. The Remuneration Committee is responsible for evaluating variable remuneration to the President and CEO, subsequently to be approved by the Board of Directors. For variable remuneration to other senior executives, the President and CEO is responsible for the evaluation, subsequently to be approved by the Remuneration Committee, in accordance with the grandparent principle. For financial objectives, the evaluation is to be based on the latest financial information published by the Trelleborg Group.

Right to withhold or reclaim remuneration

Terms and conditions for variable remuneration are to be designed so that the Board of Directors (i) has the right to limit or refrain from payment of variable remuneration if exceptional economic circumstances occur and if such a measure is considered reasonable, and (ii) has the right to withhold or reclaim variable remuneration paid to an executive based on results that afterwards were found to have been misstated because of wrongdoing or malpractice (so called malus and claw back).

The Board of Directors may, at its discretion, limit or refrain from payment of the individual variable salary if a senior executive, including the President and CEO, has breached or neglected Trelleborg's Code of Conduct and/or Trelleborg's sustainability commitments as a responsible corporate citizen, including environmental, social and governance factors.

Termination of employment

If employment of a senior executive is terminated by the company, the contractual notice period will not exceed 24 months. During the notice period all employment conditions will apply, unless otherwise expressly agreed between the company and the employee. No additional severance payments will be made to the employee. When a senior executive terminates their employment, the contractual notice period will not exceed six months, and there is no right to any severance pay.

Salary and employment conditions for employees

In the preparation of the Board of Directors' proposal for these remuneration principles, current salary and employment conditions for employees of Trelleborg have been taken into account. Information on the employees' total income, the components of the remuneration, and its increase and growth rate over time, have been evaluated. Thereafter, the Remuneration Committee and the Board of Directors decide whether the principles and the limitations set out herein are reasonable.

Decision-making process to determine, review and implement the principles

The Board of Directors has established a Remuneration Committee. The Committee's tasks include preparing the Board of Directors' decision to propose remuneration principles for Group Management. The Board of Directors is to prepare a proposal for new principles at least every fourth year and submit such proposal to the Annual General Meeting. The principles shall apply until new principles are adopted by the Annual General Meeting. The Remuneration Committee is also to monitor and evaluate programs for variable remuneration for senior executives, the application of the principles for senior executive remuneration as well as the current remuneration structures and levels in Trelleborg. The members of the Remuneration Committee are independent from Trelleborg and its senior executives. The President and CEO including other members of senior executives do not participate in the Board of Directors' processing of and resolutions regarding remuneration-related matters in so far as they are affected by the same.

Derogation from the principles

The Board of Directors may temporarily resolve to derogate from the principles, in whole or in part, if in a specific case there is special cause for the derogation and a derogation is necessary to serve Trelleborg's long-term interests, including its sustainability strategy, or to ensure Trelleborg's financial viability. As set out above, the Remuneration Committee's tasks include preparing the Board of Directors' resolution in remuneration-related matters. This includes any resolution to derogate from the principles.

Shareholder's views

The Board of Directors has not received any views from the shareholders on the principles of remuneration for senior executives.

Description of significant changes compared to previous principles of remuneration for senior executives

No significant changes are proposed to the principles for remuneration of senior executives. In relation to the principles of remuneration for senior executives adopted by the 2023 Annual General Meeting, it is proposed that the principles are supplemented under the section *Types of remuneration* with information about Trelleborg's work to assess the Group's remuneration levels to ensure that Trelleborg's employees receive market-based remuneration.

17 – RESOLUTION ON THE BOARD'S PROPOSAL FOR THE PERFORMANCE SHARE PLAN (PSP 2024/2027)

The Board of Directors proposes that the Annual General Meeting resolves to introduce a new share program for the President and Group Management at Trelleborg Group (PSP 2024/2027). PSP 2024/2027 is the first of several long-term incentive programs that the Company's Board intends to propose for resolution at upcoming annual general meetings. The main principles of PSP 2024/2027 are described below.

PSP 2024/2027 is proposed to apply to the President and Group Management at Trelleborg Group, a total of seven individuals. To take part in PSP 2024/2027, participants must invest in Series B shares in Trelleborg AB (publ) ("Trelleborg" or "the Company") ("Saving Shares") at market price. Following the publication of the Company's year-end report for the full-year 2026, the participant will be given an opportunity to receive, free of charge, up to three (3) Series B shares in the Company ("Performance Shares") for each Saving Share purchased within the framework of PSP 2024/2027 provided that performance conditions are met according to the following conditions.

It is the Board's ambition to present similar share program proposals to future annual general meetings. The Company's objective is that each participant will eventually own shares in the Company at a value equivalent to at least their fixed year's salary.

A. Main terms and conditions for PSP 2024/2027

Reasons for the proposal

The purpose of PSP 2024/2027 is to strengthen Trelleborg Group's ability to retain and recruit qualified senior executives, offer an internationally competitive remuneration and unite the interests of shareholders and affected executives by offering participants an opportunity to become significant shareholders in the Company. Through a share-based incentive program, employee remuneration is connected to the

Company's future earnings and value growth and thereby creates a long-term incentive for participants in the program. Against this background, the Board is of the opinion that the introduction of PSP 2024/2027 can be expected to have a positive impact on the Group's long-term value growth and that PSP 2024/2027 therefore benefits shareholders and the Company.

Participants in PSP 2024/2027, Saving Shares and award of Performance Shares

PSP 2024/2027 is proposed to apply to the President and other members of Group Management, a total of seven individuals. To take part in PSP 2024/2027, participants must make a private investment in Saving Shares in the stock market and allocate these to PSP 2024/2027 during the period May 1 until December 31, 2024 (the "Investment Period"), with the exceptions described below. The value of a participant's Saving Shares is based on the market price of the Company's Series B shares and is to amount to a value equivalent to ten (10) percent of each participant's annual fixed salary on the date of the private investment.

If the participant holds insider information and is therefore prevented from acquiring Saving Shares during the Investment Period, the participant shall acquire Saving Shares as soon as possible, but not later than the next Annual General Meeting.

Performance conditions

The award of Performance Shares is dependent on the extent to which the performance conditions for PSP 2024/2027 were met. The performance condition relates to the development of Trelleborg's earnings per share compared with the Board's established level for target achievement during the measurement period January 1, 2024 to December 31, 2026, when the last fiscal year during the measurement period is compared with the fiscal year immediately preceding the measurement period, subject to any reduction in the number of shares in accordance with the conditions for PSP 2024/2027.

If the minimum level established by the Board in the interval during the measurement period is reached, one (1) Performance Share per Saving Share will be awarded during the first quarter of 2027. If the target level established by the Board in the interval during the measurement period is reached, two (2) Performance Shares per Saving Share will be awarded during the first quarter of 2027, and if the maximum level established by the Board in the interval during the measurement period is reached, three (3) Performance Shares per Saving Share will be awarded during the first quarter of 2027. If the minimum level established by the Board in the interval during the measurement period is not reached, the participant will not receive any Performance Shares.

The Board of Directors intends to present the achievement of the performance-based conditions in the Annual Report for the 2027 fiscal year.

Other terms and conditions

In addition to the above conditions, the following shall apply.

- (i) The participant is entitled to receive, free of charge, up to three (3) Performance Shares per Saving Share following publication of Trelleborg's year-end report for the full-year 2026 ("Vesting Period"). Entitlement requires that the holder is still employed in the Trelleborg Group on the date of the allocation and has retain all Saving Shares within the framework of PSP 2024/2027. Derogation from the requirement of employment may be reported in individual cases, for example due to the death, disability or retirement of a participant.
- (ii) The number of Performance Shares to which a participant is entitled may be subject to conversion due to certain events, such as a rights issue and extraordinary dividend.
- (iii) The Company's objective is that each participant will eventually own shares in the Company at a value equivalent to at least their fixed year's salary. After the end of the vesting period, participants are therefore not expected to transfer Saving Shares or vested Performance Shares so a participants total shareholding in the Company falls below a value equivalent to their fixed annual salary on the date of the transfer.

Design and management

The Board is responsible for the detailed design of the terms and conditions for PSP 2024/2027 within the framework of stated conditions and guidelines. As part of this responsibility, the Board has the right to make adjustments to fulfil special rules or market conditions abroad. The Board also has the right to make other adjustments if there are significant changes in the Trelleborg Group or the market that would entail that the resolved terms and conditions under PSP 2024/2027 are no longer appropriate or reasonable. Such adjustments apply to the right of the Board to resolve on a reduction in the number of Performance Shares to which a participant is entitled, if the number of Performance Shares to which a participant is entitled otherwise, taking into account Trelleborg's earnings and financial position, the Group's general development as well as conditions in the stock market, would be obviously unreasonable.

In the event that the Board is of the opinion that delivery of shares under PSP 2024/2027 cannot be effected at a reasonable cost, with reasonable administrative effort or due to specific market conditions, the Board has the right to make appropriate local adjustments to the program or instead offer participants a cash settlement.

Scope and cost of the program

The total number of Series B shares that a participant can allocate as Savings Shares and the total number of Performance Shares that can be awarded are based on the market price of the Company's Series B share. Assuming the Company's Series B share at the time of the allocation of Savings Shares under PSP 2024/2027 are traded at about SEK 380, PSP 2024/2027 is estimated, using the principles and assumptions set out, to encompass no more than 45,000 Performance Shares, which corresponds to 0.00017 percent of the total number of shares issued in the Company and approximately 0.000088 percent of the total number of votes in the Company.

The outcome of PSP 2024/2027 may, at unchanged share price for the Company's Series B share during the duration of the program, not exceed an amount equivalent to 30 percent of the participant's annual fixed salary (excluding payroll overheads).

The costs for PSP 2024/2027 will be expensed as personnel costs. The total cost of PSP 2024/2027 before tax is estimated, in accordance with the principles and assumptions described above, to amount to approximately SEK 15 M. The amount includes an estimated cost of payroll overheads and financing costs. The costs for PSP 2024/2027 are expected to have a marginal impact on the Trelleborg Group's key figures.

The Board of Directors is of the opinion that the positive earnings effects that are expected to arise from increased share ownership by the Group's senior executives through PSP 2024/2027 outweighs the costs relating to the program.

B. Authorization for the repurchase of Series B shares

The Board of Directors proposes that the Annual General Meeting authorizes the Board, on one or more occasions, during the period until the next Annual General Meeting, to resolve on the repurchase of own shares of Series B in Trelleborg on Nasdaq Stockholm in accordance with the following conditions.

- (i) Series B shares may only be repurchased on Nasdaq Stockholm.
- (ii) A maximum of 45,000 Series B shares may be acquired to ensure delivery of shares to participants in PSP 2024/2027.
- (iii) Series B shares may only be purchased at a price within the price range prevailing at the time on Nasdaq Stockholm, that is to say, the interval between the highest bid price and the lowest offer price that are continuously published on Nasdaq Stockholm.
- (iv) Payment for repurchased own shares shall be made in cash.
- (v) The Board may decide on the other conditions for the repurchase of own Series B shares.

The purpose of the proposed repurchasing authorization is to ensure delivery of shares and associated costs, such as payroll overheads, for PSP 2024/2027.

C. Resolution on the transfer of own Series B shares

In order to fulfil the Company's obligations related to participants in PSP 2024/2027, the Board proposes that the Annual General Meeting resolves that the Company transfers own Series B shares as follows:

- (i) No more than 45,000 Series B shares may be transferred.
- (ii) The right to acquire Trelleborg's Series B shares, free of charge, shall, disapplying the preferential rights of the shareholders, be reserved for such individuals within the Trelleborg Group who are participants in PSP 2024/2027. Furthermore, subsidiaries of Trelleborg shall, disapplying the preferential rights of the shareholders, have the right to acquire Trelleborg's Series B shares, free of charge, after which such a company is obliged, in accordance with the conditions of PSP 2024/2027, transfer the shares to such individuals within the Trelleborg Group who are participating in PSP 2024/2027.
- (iii) The transfer of Trelleborg's Series B shares shall be free of charge at the time when, and in line with other conditions, participants in PSP 2024/2027 are entitled to receive shares, i.e. expected in the 2025 fiscal year.
- (iv) The Board may decide on the other conditions for the transfer of own Series B shares.

The reason for the proposed deviation from the preferential rights of the shareholders, is that the transfer of own shares forms one part of establishing PSP 2024/2027. The Board is of the opinion that the establishment of PSP 2024/2027 will benefit the Company and shareholders since participants are given an opportunity to own shares in the Company.

In the event that the required majority cannot be obtained for the acquisition and transfer of own shares to participants in PSP 2024/2027 as outlined above, the Company intends to hedge the financial exposure of PSP 2024/2027 and the delivery of shares in accordance with the conditions of PSP 2024/2027 by entering into a share swap agreement with a third party, whereby the third party in their own name is to acquire and transfer Series B shares to participants in accordance with the conditions of PSP 2024/2027.

Majority rules, etc.

The Board proposes that resolutions according to items A, B and C above shall be made by the Annual General Meeting as separate decisions. The proposals under items B and C pertaining to the proposals on the acquisition and transfer of own Series B shares shall be conditional on the resolution of the Annual General Meeting in accordance with item A on the establishment of PSP 2024/2027 and vice versa.

The resolution of the Annual General Meeting on the establishment of PSP 2024/2027 as above requires a majority of more than half of the votes cast at the Annual General Meeting. The validity of the decision to authorize the Board to acquire own shares on Nasdaq Stockholm as outlined above requires the support of shareholders representing not less than two-thirds of both the votes cast and the shares represented at the Annual General Meeting. The validity of the decision to transfer own shares in PSP 2024/2027 as outlined above requires the support of shareholders representing not less than nine-tens of both the votes cast and the shares represented at the Annual General Meeting.

Preparing the proposal

PSP 2024/2027 was initiated by Trelleborg's Board and drawn up in consultation with external advisors. The program was prepared by the Board's Remuneration Committee and addressed at Board meetings. Peter Nilsson, President and CEO and Board member, who may participate in the proposed PSP 2024/2027, did not take part in preparing the matter.

The Company currently has no outstanding share-related incentive programs.

18 – RESOLUTION ON AUTHORIZATION FOR THE BOARD OF DIRECTORS TO RESOLVE ON REPURCHASE OF OWN SHARES

The Board of Directors proposes that the Annual General Meeting authorizes the Board to resolve on the acquisition of own Series B on the following terms and conditions:

- (i) the acquisition may take place on Nasdaq Stockholm, on one or more occasions before the next Annual General Meeting;
- (ii) the acquisition may be of no more than the number of Series B shares so the company's holding of own shares at the time amounts to no more than one tenth of all of the shares in the company, on condition that there is sufficient non-restricted equity, based on the latest adopted Balance Sheet;
- (iii) the acquisition may take place at a price within the market price range registered at the time (i.e. the interval between the highest bid price and the lowest offer price); and
- (iv) payment for the acquired shares shall be made in cash.

The objective of the proposed authorization is to provide the Board with an opportunity to adapt the company's capital structure and thereby contribute to increased shareholder value. The intention is that upcoming annual general meetings will resolve on the cancellation of the repurchased shares.

The Board is entitled to decide on the other conditions for the repurchase of own shares. The Board Chairman, or the person appointed by the Board Chairman, is authorized to undertake minor adjustments to the above proposal that may be necessary when executing the Board's decision to repurchase own shares.

The decision to authorize the Board to acquire own Series B shares requires the support of shareholders representing not less than two-thirds of both the votes cast and the shares represented at the Meeting.

19 – RESOLUTIONS ON (A) REDUCTION OF THE SHARE CAPITAL BY MEANS OF CANCELLATION OF REPURCHASED SHARES AND (B) INCREASE OF THE SHARE CAPITAL THROUGH A BONUS ISSUE WITHOUT ISSUE OF NEW SHARES

A. Reduction in share capital by canceling own shares

The Board of Directors proposes that the Annual General Meeting resolves on the reduction in share capital by canceling own shares. The purpose of the reduction is provisions for non-restricted equity.

The reduction in share capital is to take place through the cancellation of 13,578,733 own Series B shares held by the company. The reduction in share capital will amount to SEK 139,465,158 through the cancellation of 13,578,733 Series B shares.

The resolution to reduce share capital according to this item (A) can be performed without requiring a permit from the Swedish Companies Registration Office or, in the event of a dispute, a general court since the company concurrently conducts a bonus issue, according to item (B) below, in an amount equivalent to the lowest amount by which the share capital will decrease, as outlined above. In total, these measures will mean that neither the company's restricted equity nor share capital will decrease.

B. Bonus issue

In order to restore the share capital following the proposed decrease in share capital in accordance with item (A) above, the Board of Directors proposes that the Annual General Meeting resolves at the same time to increase the company's share capital through a bonus issue of SEK 139,465,158 by transferring SEK 139,465,158 from the company's non-restricted equity. The bonus issue will be performed without issuing new shares.

Board of Directors' report pursuant to Chapter 20, Section 13, fourth paragraph of the Swedish Companies Act

On account of the Board's proposal for decision on reducing share capital by the withdrawal of shares, the Board of Directors submits the following report pursuant to Chapter 20, Section 13, fourth paragraph of the Swedish Companies Act.

As specified in the Board's proposal to reduce share capital, the Board of Directors proposes that the company's reduction in share capital will amount to SEK 139,465,158 through the cancellation of 13,578,733 Series B shares as a provision for non-restricted equity.

In order to achieve a time-efficient redemption process, with no requirements for a permit from the

Swedish Companies Registration Office or general court, the Board has also proposed that the Annual General Meeting resolves to restore the company's share capital to its current amount by increasing share capital by SEK 139,465,158 through a bonus issue without the issuance of new shares. The amount shall be transferred from the company's non-restricted equity to the company's share capital.

The reduction in share capital through the withdrawal of shares reduces the company's share capital by SEK 139,465,158 and the bonus issue increases the company's share capital by the same amount. After the completion of the bonus issue, the company's equity and share capital will therefore be unchanged.

Following the reduction in the share capital and the bonus issue, the number of shares will be 241,547,186, of which 28,500,000 Series A shares and 213,047,186 Series B shares.

The Board of Directors proposes that the Annual General Meeting resolves to authorize the Board, or the person appointed by the Board, to undertake such minor adjustments to the decisions in accordance with items (A) and (B) above that may be necessary to register the decisions with the Swedish Companies Registration Office or Euroclear Sweden AB and otherwise undertake the necessary measures to execute the decision.

The decisions under items (A) and (B) are conditional on one another. The validity of the Meeting's decision in accordance with the Board's proposal requires the support of shareholders representing not less than two-thirds of both the votes cast and the shares represented at the Meeting.
